

## People's Republic of China

## General Description

- Medium Capacity structural steel and plate work facility
- 80% of Production for western Project work
- 2008 completed significant projects for USA, Canada and Japan

## Location

- Shanghai, Peoples Republic of China

## Port

- 15 km's to Major Shanghai Port

## General Statistics

- Land Area: 160,000m<sup>2</sup>
- Building Area: 50,000m<sup>2</sup>
- Production Capacity: 45,000 Ton
- Cranes External: 3x32T Gantry Cranes
- Employees: 500

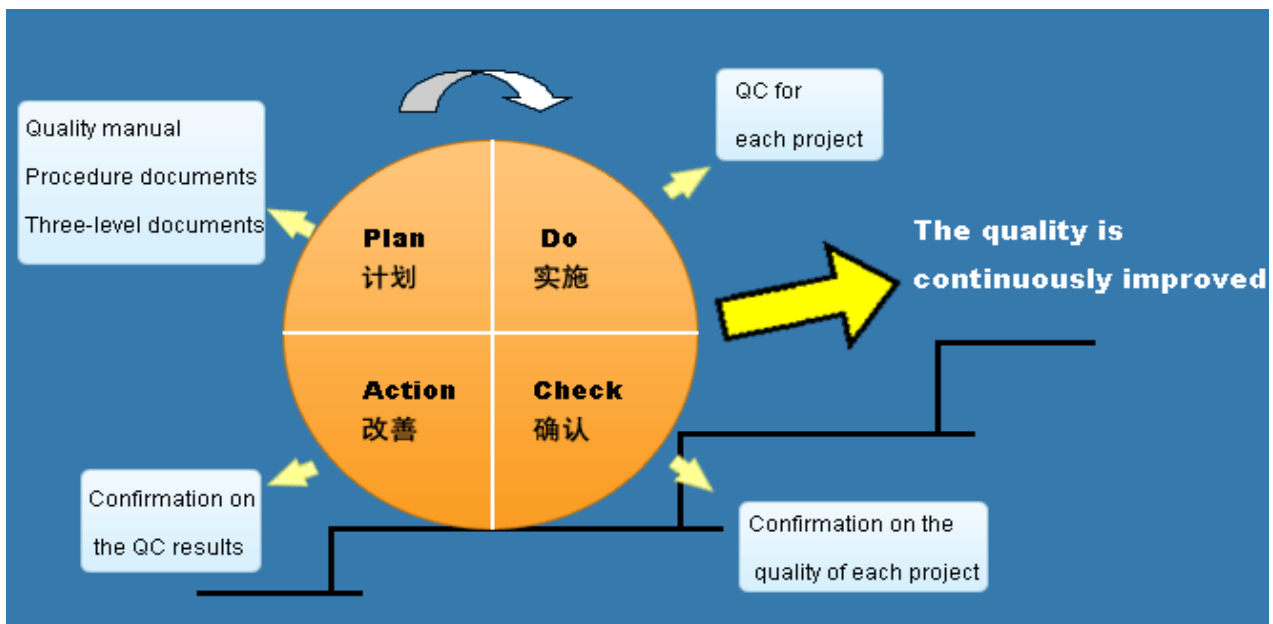

## Safety Systems

- Demonstrated Safety Systems.
- Weekly, Fortnightly and Monthly Safety meetings.
- 4 Full Time Safety Officers.

## Quality Systems

- ISO9001:2000
- American Institute of Steel Construction Certificate.
- Overseas Projects contracting license – PRC

## Examples of Project Experience List

<u>Client</u>	<u>Country</u>	<u>Project</u>
Bechtel Co.	USA	Motiva Chemical Mill.
Rio Tinto	Australia	Wharf Modules.
McConnell Dowell	Norway	Norway Aluminum Plant.
Bechtel Co.	Australia	Worsly Aluminium Plant.

## Production Equipment:

BH-Steel Assembly Line

BOX column assembly line

6-Axis NC Driller

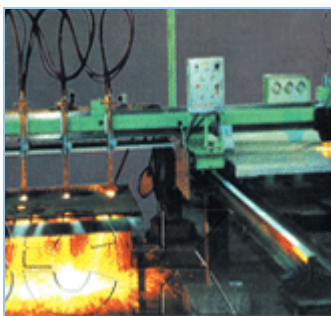

HK-1000 Band Saw

N/C Plasma Cutter

5-Dimension Pipe-Cutter(PIPE-COASTER)

Photoelectric Tracing Cutter

2000T Oil Pressing Machine

SCOM
