**Project Overview**

Direct line management responsibility to the Brownfield Projects Group Delivery Manager, Karratha Gas Plant.

Project and Construction Management of a portfolio of Brownfield projects, each with a capital value of \$4M – \$100M.

The projects include process improvements and upgrades, replacement of existing equipment that is no longer serviceable, and HSE improvements to the existing plant.

Our personnel form part of the Woodside delivery team, and directly manage the relevant Integrated Service Contractors through all phases of the projects. In addition, we are responsible for development of Business Proposals and obtaining funding approval from the North West Shelf JV partners for our projects.
